U. S. Commerce Shows Big Growth.

Washington.—More new records for American commerce were being during May and for the 12 months ending May, it was announced in the department of commerce. Exports for the month were valued at \$24,000,000, nearly \$2,000,000 more than in April. For the year ending in May, the total was \$2,400,000,000—the largest in the history of the country.

OFFICIAL BULLETIN ISSUED BY GOVERNMENT OFFICIALS

Washington, D. C., June 25.—Many misunderstandings have arisen with regard to the official Bulletin, which is being issued by the Committee on Public Information under order of the President. This publication is not a newspaper in accepted sense of the word. Its single purpose is to assure the full and legal printing of the official announcements of Government heads in connection with governmental business.

Exclusive publication is not its thought or ambition. It will not interfere with the legitimate functions of the press in any manner, nor will official news be delayed or withheld in order to give the Bulletin any special news significance.

In the columns of the Bulletin it is proposed to publish proclamations and executive orders of the President; rules and regulations which the various heads of the executive departments and other government establishments are authorized and directed by various statutes to make and promulgate; administrative orders and rules framed and issued by each department or government establishment for the conduct of its own business and the regulation of its own offices; official bulletins and official statements of policy or of facts issued by heads of departments and other responsible government officials; statutes enacted relating to war matters of which the public should be officially informed, and other matters which from time to time it is deemed advisable to publish.

The Official Bulletin will be sent without charge to the President of the United States; to the members of the President's cabinet and officials of all government departments; to the members of the United States Senate and House Representatives; members of American diplomatic and consular service; the foreign diplomatic and consular service; officers of the army and navy; every post-office in the United States (to be posted daily); governors of all states; mayors of all cities; all daily newspapers and press associations of the country; all magazines, colleges and universities; trade; and other public institutions.

To the general public and to private institutions a charge of \$5.00 a year will be made, as the provisions under which the Bulletin is published make it impossible to distribute free copies. Necessarily the issue is limited, and were there no other binding restrictions a mechanical impossibility would prevent a general free circulation. Therefore, the same plan now observed in connection with the sale of the Congressional Record, will be followed by the Committee.

AMERICA FIRST

There are places I know where I'd love to go.

There are things that I long to do. There are times when my heart, with a longing to start, Will ache, but I fight it through. On the distant shores, where the cannon roars, Perchance I may long to be, But I'll take my stand in freedom's land—America first for me.

There are deeds untold in the world of old.

There are rumors and dark events, And the facts unfold till my blood runs cold. And my very soul resents: And I bow my head for the countless dead, As I pray upon bended knee, To bless each grave by him who gave America first to me.

Through the darkest night it was freedom's light

That showed me the way to go; I followed near and it lead me here To the fairest land I know. So I leave behind all ties that bind To those beyond the sea, And I'll take my stand in Liberty's land, America first for me.

—C. J. Byrne, in American Home Weekly.

So Sensitive!

An attorney was consulted by a woman desirous of bringing action against her husband for a divorce. She related a harrowing tale of the ill treatment she had received at his hands. So impressive was her recital that the lawyer, for a moment, was startled out of his usual professional composure.

"From what you say this man must be a brute of the worst type," he exclaimed.

The applicant for divorce arose and with severe dignity announced:

"Sir, I shall consult another lawyer. I came here to get advice as to a divorce, not to hear my husband abused."

4 MILLION OFFER 3 BILLION FOR WAR

Loan Oversubscribed Nearly 52 Per Cent and Most of Buyers Are Small Ones.

Washington.—Liberty loan subscriptions totaled \$5,055,226,850, an over subscription of nearly 52 per cent.

The final tabulation showed that more than 4,000,000 persons bought bonds. Ninety-three per cent of subscriptions, or those of 5,000,000 persons, were for sums varying from \$50 to \$10,000, while 21 subscribers applied for allotments of \$5,000,000 each or more.

The New York federal reserve district led the list with subscriptions totaling \$1,186,783,400, or more than three times the amount subscribed in the next district, Chicago, \$357,195,950.

Allotments will be made, Secretary McAdoo announced, as follows:

On subscriptions up to and including \$100,000, 90 per cent of the amount subscribed, but not less than \$10,000 in any instance. More than \$100,000 up to and including \$250,000, 45 per cent of the amount subscribed, but not less than \$50,000 in any instance. More than \$250,000 up to and including \$500,000, 30 per cent, but not less than \$125,000 in any instance. More than \$500,000 up to and including \$1,000,000, 25 per cent, but not less than \$250,000 in any instance. More than \$1,000,000 up to and including \$5,000,000, 21 per cent.

CIVIL WAR IN CHINA AVERTED

Peking.—All provinces which declared their independence of the present Peking government have now ceased their warlike preparations. Leaders of the southern provinces which were in revolt telegraphed Peking that they were willing to compromise providing a new election were soon held without military interference.

General Chang Hsun, the military governor of Anhui province, who came to Peking after the president dissolved parliament, expressed hope that a settlement of the crisis will be reached.

Administrative affairs have become disorganized through lack of a cabinet while the various government departments have a mass of documents requiring answering.

ALLIED BLOCKADE LIFTED

Co-operation Between Powers and New Greek King Is Expected.

Washington.—Lifting of the allied blockade of Greece was announced in a brief cablegram to the state department from Minister Droppers at Athens. This is taken here to mean that the allies are satisfied with the Greek situation and that there is no further need to apply repressive or punitive measures.

Cordial co-operation between the powers guaranteeing Greek independence and the new Greek king, Alexander, is expected. The blockade originally was imposed as a result of ex-King Constantine's antagonistic policy. It was very strictly enforced during the demobilization of the Greek army and the withdrawal of Greek troops from all northern Greece into the Peloponnese and was one of the strongest measures of repression used. It is believed now that allies can count at least upon a friendly, and possibly upon a co-operating, Greece.

Neutral Ships Will Be Taken Over.

Washington.—The government will begin at once to commandeer neutral ships now under construction in American yards. About 1,500,000 tons will be obtained in this way. The federal shipping board will do the work. The contractors or owners will be paid a fair price for their title, covering every cent they have spent on the vessels.

Irish Rioters Shot Down.

Cork.—Machine guns were used on Sinn Feiners in disturbances here. They were brought into action after the police with clubs had failed to restore order. One rioter was killed, and the number of persons injured more or less seriously is given as about 30.

Explosion in Austria Kills Many.

The Hague.—More than 1000 persons were killed or wounded in the explosion of a group of ammunition factories at Bloesweg, Austria, according to a dispatch from Vienna, which quoted an official statement from the minister of defense.

500,000 Enlisted in Three Months.

Washington.—More than 500,000 men have volunteered in the American army and navy in the period of less than three months that has elapsed since war was declared to exist.

This is the 1st Authorized Mid-Summer Hoosier Cabinet Sale on the Hoosier \$1 Plan

This mid-summer sale is authorized for the first time, because so many Hoosier agents were unable to get Hoosiers for their spring sales, and many more could not get their full allotment. But even now, only a limited number of Hoosier Cabinets can be turned out of our new factory building in time for mid-summer delivery—an average to each sale of less than twenty. So only you who enroll early can count on delivery during the hot months, when you need your Hoosier most.

THE HOOSIER MFG. CO., New Castle, Ind.

4. The low cash price fixed by the factory prevails strictly.
5. No interest—no extra fees.
6. This sale is under direct supervision of the Hoosier Company.
7. Sale is strictly limited to our small summer allotment of new Hoosiers.
8. Your money back if you are not delighted with your Hoosier.

This is your opportunity—if you act quickly—to own this wonderful Hoosier on the most liberal terms ever offered. You may search the whole world and find nothing that will save you so much labor in your kitchen as this new Hoosier.

White Beauty is a wonder of convenience. It combines three roomy cupboards, a large work table and package pantry in one spot so you can sit down at work and save miles of steps.

You have placed before you for 400 articles, all at your fingers' ends. You save most of the weary hours other women spend in their kitchens.

* This new Hoosier on these terms is the greatest kitchen cabinet bargain you have ever seen. The few we have will be sold in no time at all. Only those women who grasp this opportunity tomorrow can be sure of getting one of these cabinets on the liberal Hoosier plan.

Read about these conveniences that made the HOOSIER neces- sary to over 700,000 women.

(1) Mrs. Christine Frederick's famous "Housekeepers' Food Guide"—on the upper left door—answers the eternal problem: "What shall we have for dinner?"

(2) The Cook-book Holder on the middle upper door holds your cook book securely when not in use. When you are cooking, simply open up the book to the proper page behind the holder. It is on a level with your eye, always clean, never in the way.

There are 40 special conveniences in the NEW HOOSIER—17 are entirely NEW.

(3) The Hoosier Metal Flour Bin holds fifty pounds. It is low and easy to fill. The sliding glass front enables you to clean the entire bin easily. The inside is entirely of metal, with no corners to hold flour. Fine flour in it is always out first.

(4) The New Shaker Flour Sifter is the most wonderful of all the new Hoosier inventions. It is the only flour sifter ever made on a kitchen cabinet that shakes flour through instead of grinding it through. It cannot wear out and cannot grind through any grit or foreign substance that might be in the flour.

OUR WINDOW DISPLAY is the talk of the town—come and see it.

(5) A new feature in the Base Cupboard is a narrow shelf conveniently located for the storage of canned articles. Most women will find this a great convenience as an "emergency shelf." It will save many trips to the cellar or pantry.

TOMORROW YOU may examine all the new features. You incur no obligation. But you should come early. You may be too late to get one on the HOOSIER PLAN if you delay. Come and SEE this remarkable NEW Hoosier tomorrow.
